## Connect with an Entry Adviser

1

- Students interested in career training and direct transfer programs must meet with an Entry Adviser in Student Success.
- Explore career pathways, college services and discuss entry requirements.

## Apply for Admission & Financial Aid

2

- Apply for admission in person or online.
- Complete your FAFSA online at [fafsa.gov](http://fafsa.gov) and visit the Financial Aid Department to submit necessary documents (Building I-205).
- If you have questions or need assistance with your FAFSA, visit the Learning Resource & Career Center (Building C-102)
- If you are a Veteran or using VA benefits call (425) 235-2352 ext. 5805 for an appointment.

## Assess and Review Your Skills

3

- Prep for the AccuPlacer test by visiting the Learning Resource & Career Center Building (C-102)
- Pay for the ACCUPLACER test in the Cashier's Office - (Building I-230) before going to Testing Services.
- Review your assessments with an Entry Adviser and select a program of study (Building I-218).

## Register for Classes, Pay Tuition & Buy Books

4

- Register for classes in Enrollment Services (Building I-218).
- Pay tuition and fees, purchase your books, and get started!

### Get Started!

For admission information and applications, visit: [RTC.edu](http://RTC.edu)

To schedule an appointment with an Advisor call (425) 235-2352 or visit the Student Success Center in the Roberts Campus Center, Building I

## STUDENT TUITION EASY PAYMENT PLAN

### What is STEPP?

- The Student Tuition Easy Payment Plan (STEPP) program allows you to pay your tuition on an installment plan.
- To enroll, complete a STEPP enrollment form at the Cashier's office before the tuition due date, or at the time of registration (if later).
  - Each quarter you must enroll with the Cashier when making your first payment.
  - Payments are made in three installments (two for summer).
  - There is a quarterly \$25 nonrefundable enrollment fee.
  - Any partial payment made toward tuition without enrolling in STEPP could result in administrative withdrawal from classes.

For more information about our Student Tuition Easy Payment Plan please contact the Cashier's office:  
(425) 235-2352, ext. 5910.

**Enrollment Services (425) 235-2352      Student Success Center (425) 235-5840      Financial Aid (425) 235-5841**

### TUITION & FEES

#### TUITION Table Includes:

Building, Comprehensive, Security, Technology and S&A Fees

# of Credits	Washington Resident	Non-Washington Resident	International Student
1	\$122.17	\$135.89	\$299.17

3	\$366.51	\$407.67	\$897.51
4	\$488.68	\$543.56	\$1,196.68
5	\$610.85	\$679.45	\$1,495.85
6	733.02	\$815.34	\$1,795.02
7	\$855.19	\$951.23	\$2,094.19
8	\$977.36	\$1,087.12	\$2,393.36
9	\$1,099.53	\$1,223.01	\$2,692.53
10	\$1,221.70	\$1,358.90	\$2,991.70
11	\$1,290.78	\$1,428.70	\$3,067.98
12	\$1,359.86	\$1,498.50	\$3,144.26
13	\$1,428.94	\$1,569.30	\$3,220.54
14	\$1,498.02	\$1,638.10	\$3,220.54
15	\$1,567.10	\$1,707.90	\$3,373.10
16	\$1636.18	\$1,777.70	\$3,449.38
17	\$1,705.26	\$1,847.50	\$3,525.66
18	\$1,774.34	\$1,917.30	\$3,601.94
19	\$1,885.70	\$2,028.66	\$3,890.30
20	\$1,997.06	\$2,140.02	\$4,178.66
21	\$2,108.42	\$2,251.38	\$4,467.02
22	\$2,219.78	\$2,362.74	\$4,755.38
23	\$2,331.14	\$2,474.10	\$5,043.74
24	\$2,442.50	\$2,585.46	\$5,332.10
25	\$2,553.86	\$2,696.82	\$5,620.46

Tuition fee per credit:

Tuition:	Washington Resident	Non-Washington Resident	International Student
Credits 1-10	\$83.19	\$83.19	\$246.47
Credits 11-18	\$41.85	\$41.85	\$48.33
Credits 19+	\$94.36	\$94.36	\$271.36

#### STATE SUPPORT OF HIGHER EDUCATION STUDENTS ACROSS WASHINGTON

The following table indicates average state support by tuition category for students currently attending community and technical colleges:

	Resident Undergraduate	Nonresident Undergraduate
Total Instructional Support Per FTE Student	\$6,282	\$6,282
Operating Fee	\$3,217	\$8,052
Net State Support per FTE Student	\$3,065	---

The following table indicates the amount of state supported financial aid including that provided from the local institutional financial aid fund (3½ percent).

	State Financial Aid	Institutional Financial Aid
Undergraduate Resident	\$845*	\$111
Undergraduate Nonresident	\$0**	\$0**

\*Includes State Work Study, State Need Grant, and all other financial aid programs administered by the WSAC, and SBCTC administered programs: Opportunity Grants and Worker Retraining Financial Aid.

\*\*State and Institutional financial aid is not available to nonresident students.

Please note that all tuition and fee rates are set by the Washington State Legislature, the Board of Community and Technical Colleges and the Board of Trustees and are subject to change. Renton Technical College reserves the right to change, without notice, any fees to comply with the state college regulation or policies.

#### 2017 - 2018 FEES: (all classes)

**S & A Fee:** \$10.81 per credit for 1-10 credits

\$6.29 per credit for 11-18 credit

No fee charged beyond 18 credits

**Comprehensive Fee:** \$3 per credit

**Security Fee:** \$3 per credit

**Technology Fee:** \$1 per credit

**Building Fee:**

\$11.17 per credit, CREDITS 1-10 (resident)

\$3.94 per credit, CREDITS 11-18 (resident)

\$24.89 per credit, CREDITS 1-10 (non-resident)

\$4.66 per credit, CREDITS 11-18 (non-resident)

#### OTHER 2017 - 2018 FEES:

**Hybrid Online Fee:** \$4 per course

**Online Fee:** \$40 per course

**Culinary Arts Meal Fee:** \$17.28 per credit

**ACCUPLACER Test Fee:** \$10

**Application Fee:** \$30

**International Application Fee:** \$50

**Clinical Placement Fee:**

\$75 per 1-4 credit clinical course

\$100 per 5+ credit clinical course

**Late Registration Fee:** \$75

#### Additional Fees:

Additional fees may be charged for a specific class and are listed at the end of the course descriptions. Students participating in externships or internships may be required to pay \$13 per year for medical malpractice insurance and \$3.46 per quarter for general liability insurance. Tuition and fees reflect 2017 - 2018 amounts.

**NOTIFICATION OF RIGHTS UNDER FERPA**

The Family Education Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records.

1. The right to inspect and review the student's educational records within 30 days of when the Registrar's Office receives a prior written request.
2. The right to request the amendment of the student's educational records the student believes is inaccurate.
3. The right to consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent.
4. The right to file a complaint with U.S. Department of Education concerning alleged failures by RTC to comply with the requirements of FERPA. RTC designates the following information as Directory Information: student name, address, telephone number, date of birth, level of education, major field of study, certificates or degrees awarded, and the most recent previous educational agency or institute attended by the student. Directory Information may be released by RTC without student consent unless the student specifically requests in writing that such information not be released. RTC will not release Directory Information for commercial or other purposes not related to the college program or the conduct of official government business. RTC will release Directory Information as required to do so under the Solomon Amendment. For more information contact Enrollment Services, Registrar's Office (425) 235-2352.

**CANVAS AT RTC**

All courses at RTC are web-enhanced; the Canvas LMS is our campus-wide grade book. Students can view their syllabi and course outcomes in Canvas, and can utilize a variety of other tools to stay on track. Log in at [rtc.edu/canvas](http://rtc.edu/canvas) with your Student ID number and the first 8 letters of your last name. Setup and sit-down help with Canvas can be found in the LRCC (C-102). Specific questions can be sent to [eLearning@rtc.edu](mailto:eLearning@rtc.edu).

**ONLINE & HYBRID COURSES AT RTC**

Students enrolling in online and/or hybrid courses will need the following to use Canvas, which is designed for maximum compatibility and minimal requirements.

Operating Systems:

- Windows XP SP3 and newer
- Mac OSX 10.6 and newer
- Linux - chromeOS

Mobile Operating Systems:

- iOS 7 and newer
- Android 2.3 and newer

Computer Speed and Processor:

- Use a computer 5 years old or newer when possible
- 1GB of RAM
- 2GHz processor
- Internet access: through an ISP. Minimum of 512kbps

Supported Browsers:

- Chrome 43 and 44 – Recommended browser
- Internet Explorer 10 and 11
- Safari 7 and 8
- Firefox 39 and 40
- Flash 17 and 18
- Respondus Lockdown Browser For online testing,

**TUITION PAYMENT**

Tuition deadline is March 1st, 2018 for spring quarter. For students registering after this deadline, tuition is due five business days after registration unless other funding arrangements have been made. For students registering or adding classes on or after the first day of the quarter, tuition will be due one business day after registration. Save time, pay online at [ctc.edu/~renton/wts/kiosk/index.html](http://ctc.edu/~renton/wts/kiosk/index.html). You may also pay in person at the Cashier office in Building I.

**REFUND DEADLINES:**

- 100% refund withdrawing from classes by April 6th for spring quarter, in person before 4:00PM at Enrollment Services.
- 50% refund if withdrawing from classes April 9th – April 20th for spring quarter, in person at Enrollment Services.
- April 23rd and on no refund for spring quarter.

Testing fees and admission application fees are nonrefundable

**STUDENT SUCCESS CENTER**

*(425) 235-5840 | Roberts Campus Center, Building I*

Renton Technical College's Student Success Center houses Academic Advising, Career Advising, Entry Services, High School Programs, International Student Services and the Dean of Student Success and Workforce programs.

**Regular Hours:**

Monday - Thursday 7:30AM - 6:00PM  
Friday 9:00AM - 4:00PM

**LEARNING RESOURCES & CAREER CENTER (LRCC)**

(425) 235-2352 Ext.5721 | [Technology Resource Center, Building 'C' Room-102, | rtc.edu/lrcc](http://Technology Resource Center, Building 'C' Room-102, | rtc.edu/lrcc)

Renton Technical College's Learning Resource & Career Center offers a variety of free services to students, alumni, and community member including: tutoring, career guidance, PC help/repair, student ID cards, PC use/printing, and much more.

**Regular Hours:**

Monday - Friday 8:00AM - 8:00PM

Saturday 10:00AM - 3:00PM (weeks 3-12)

Drop-in hours: Monday - Thursday 11:00AM - 4:00PM

**DISABILITY RESOURCE SERVICES (DRS)**

(425) 235-5840 | TTY (425) 235-5811 | [drs@rtc.edu](mailto:drs@rtc.edu)

Students with disabilities are encouraged to meet with Disability Resource Services. For hours, see Student Success Center.

**BOOKSTORE**

(425) 235-2323

Roberts Campus Center, Building I

You may purchase books, supplies, electronic and computer supplies, clothing, cards, gifts and other sundries.

**Regular Hours**

Monday - Thursday 7:30AM - 4:30PM

Friday 7:30AM - 4:00PM

**ENROLLMENT SERVICES**

(425) 235-2352

Admissions, Registration, records/transcripts, Registrar's office.

**Regular Hours**

Monday - Thursday 7:30AM - 6:00PM

Friday 9:00AM - 4:00PM

Summer hours may vary - please check website.

**FINANCIAL AID**

(425) 235-5841

Financial Aid programs available at Renton Technical College include: Pell Grant, Supplemental Educational Opportunity Grant, CollegeWork Study, Federal Direct Student Loan, State Need Grant, State Work Study, and various scholarships. You are encouraged to apply for financial aid at least six weeks before the start of your classes and or program. For more information, to speak to a Financial Aid Advisor or to schedule an appointment, contact the Financial Aid Office.

**Regular Hours**

Monday - Thursday 9:00AM - 4:30PM

Friday 9:00AM - 1:00PM

**FOOD SERVICE**

(425) 235-5845

Roberts Campus Center, Building I

RTC's Culinary Arts program offers a variety of food services for students on campus, as well as an outside catering department. Vending machines are available in select locations on campus. *Open hours during holidays and between quarters will vary.*

**C.A.F.E. DINING - CAFETERIA STYLE DINING**

Monday - Friday

Breakfast 7:00AM - 10:15AM

Lunch 11:15AM - 1:00PM

**BAKERY - STUDENT OPERATED BAKERY**

Monday - Friday 7:00AM - 1:00PM

**CULINAIRE ROOM - SIT-DOWN RESTAURANT DINING**

Monday - Friday 11:15AM - 1:00PM

**CULINAIRE EXPRESS - FAST FOODS**

Monday - Friday 11:00AM - 2:45PM

**CATERING - FOR CATERING SERVICES, CALL**

(425) 235-2352, ext. 5730 | [RTC.edu/catering](http://RTC.edu/catering)

**FOUNDATION**

(425) 235-2415 | [RTC.edu/foundation](http://RTC.edu/foundation)

The RTC Foundation is a 501 (c) 3 non-profit organization dedicated to the needs of RTC's students and programs. Established in 1993, the Foundation is overseen by a volunteer board, reflecting the diversity of the community and the industries served by the College. The Foundation raises funds to provide scholarships and emergency funds and to purchase equipment and technology.

**LIBRARY**

(425) 235-2331 | [RTC.edu/library](http://RTC.edu/library)

Technology Resource Center, Building C

Monday - Thursday 7:00AM - 8:00PM

Friday 7:00AM - 4:30PM

Open hours during holidays and between quarters will vary.

**RUNNING START**

(425) 235-5840 (*Student Success Center*)

The Running Start program provides an opportunity for high school juniors and seniors to attend college-level classes at RTC and earn both college and high school credits, tuition-free. Home-schooled students who are at least 16 years of age and have not earned a high school diploma may also participate in the program.

**THE PUGET SOUND DUAL CREDIT CAREER CONSORTIUM**

*(425) 235-5840 (Student Success Center)*

RTC has articulation agreements with 32 high schools in the Puget Sound Dual Credit Career Consortium. These agreements allow students to get direct RTC credit for specific skills they have learned while in high school. For hours, see Student Success Center, on page 12.

**TRANSFER CREDITS**

*(425) 235-2352 (Enrollment Services)*

Transfer credits from other institutions will be considered upon validation of official transcripts and assessment of coursework.

**TESTING SERVICES**

*(425) 235-2352, ext. 5704*

Before students can enroll in an RTC Professional Technical program they are required to take the ACCUPLACER placement test. The ACCUPLACER is a computer-based placement test that assesses reading, writing, and math skills. RTC currently only requires students to take the math portion of the exam. The ACCUPLACER is offered on the computer with no time limit. Cost for this exam is \$25.00 for three exams, or \$10.00 each.

RTC no longer requires students to take the Reading and Writing portion of the ACCUPLACER. Students enrolling in a Professional-Technical Program or General Education English class at RTC will take a Directed Self-Placement test. This assessment may only be taken once. No test appointment is necessary, and this exam is free of charge.

All tests administered in Testing Services require testers to bring picture identification and a copy of the receipt showing payment for the test.

The Testing Services calendar is located at: [rtc.edu/testing-services](http://rtc.edu/testing-services).

For GED (General Educational Development) test registration go to: [GED.com](http://GED.com).

**VETERANS SERVICES**

*(425) 235-2352, ext. 5805*

Students who are veterans or dependents of veterans looking to enroll and use veteran benefits should contact Veterans Services by email at [veterans@RTC.edu](mailto:veterans@RTC.edu) or by phone at (425) 235-2352 ext. 5805. Once an appointment is set, Veterans Services staff will meet with the prospective student and discuss fields of study. Veterans Services will assist the prospective student in completing the admission process and applying for all available funding and discounts.

**BASIC FOOD EMPLOYMENT AND TRAINING (BFET)**

*(425) 235-5840 (Student Success Center)*

If you are currently receiving Basic Food benefits (formerly known as "Food Stamps"), or are eligible to do so, our BFET program may help with tuition and books and provide access to other support services, including child care funding. This program is open to students in Basic Skills classes (including ESL, GED and ABE) as well as for career training programs.

**OPPORTUNITY GRANT**

*(425) 235-2352, ext. 5720 (Financial Aid)*

Students eligible for the Opportunity Grant may receive funds to cover 45 credits of tuition/mandatory fees and up to \$1,000 for books and supplies. Support services such as tutoring, college success workshops, emergency child care, and emergency transportation are also part of the Opportunity Grant program.

**RESIDENCY REQUIREMENT/TUITION**

*(425) 235-2352, ext. 5528*

The State of Washington has established specific criteria for students to qualify as residents for tuition paying purposes (references: RCW 28B.15.015 and WAC 250-18.020250).

For tuition purposes, a state resident is one who is a U.S. citizen, who has permanent immigrant status, refugee-parolee or a qualifying visa (A, E, G, H1, I, K, or L), and 1) has established a domicile (residence) in the state of Washington primarily for purposes other than educational for a period immediately prior to the first day of the quarter and was financially independent from parents or legally appointed guardians for the calendar year during which the college enrollment begins, or 2) is a financially dependent student, one or both of whose parents or legal guardians have maintained a domicile in the state of Washington for at least one year immediately prior to first day of the quarter. To apply for residency reclassification, students submit residency questionnaire and provide required documentation to Enrollment Services. Students may apply for residency reclassification through the 30th calendar day of the quarter. See residency questionnaire for complete details.

Residency questionnaires are available online, in Enrollment Services or by calling (425) 235-2352, ext. 5531. Note these additional points:

- Residence is not an equivalent of domicile only. You must also provide documentation supporting student's financial independent or dependent status.
- The domicile of a minor attending is normally that of the parent or legally appointed guardian.
- International students attending RTC who have been issued an I-20 form are classified as non-resident regardless of length of residency in Washington state.

**NON-RESIDENT WAIVER**

The Washington State Board of Technical Colleges has authorized the colleges to waive a portion of the non-resident tuition rate for United States citizens and USCIS permanent residents who have not met the above criteria for in-state residency. RTC honors this automatic waiver at the time a student submit an application to the College. The student pays the non-Washington resident tuition rate.

**HB 1079 (UNDOCUMENTED PERSON) WAIVER**

Students who are not permanent residents or U. S. citizens may qualify for resident tuition at Washington state colleges, under provisions of HB 1079 passed July 1, 2003. To qualify students must complete an affidavit declaring they have resided in Washington state for three years immediately prior to receiving a high school diploma and completed a full senior year at a Washington state high school or completed the equivalent of a high school diploma in Washington. The Affidavit/Declaration/Certification form is available online. For more information please contact the Enrollment Services office (425) 235-2352.

**HOW TO OBTAIN YOUR BACKGROUND CHECK MEDICAL AND DOCUMENT TRACKER - ALLIED HEALTH PROGRAMS**

You will be required to obtain your own criminal background check, set up an account for immunizations and process documentation tracking prior to registration, for a \$99.00 fee through the third party's secure online platform.

[CastleBranch](#).

Directions:

Go to <https://portal.castlebranch.com/rr63> and enter the appropriate package code for your program.

**Allied Health Programs**

- *Anesthesia Technologist – RR65*
- *Central Service Technician – RR64*
- *Dental Assistant – RR67*
- *Massage Therapy Practitioner – RR68*
- *Medical Assistant – RR69*
- *Medical Assistant - Phlebotomy – RR71*
- *Ophthalmic Assistant – RR76*
- *Nursing – RR75nur*
- *Registered Nurse (LPN to RN) – RR75lprn*
- *Nursing Assistant – RR75na*
- *Pharmacy Technician - RR72*
- *Surgical Technologist – RR73*

You will then be directed to set up your CastleBranch account. Your results will be posted directly to your CastleBranch account, once available. You will be notified if there is any missing information needed to process your order. Your order will show as "In Process" until it has been completed in its entirety. Results of the background check are usually available within 3-5 days, although some searches take longer. Please allow adequate time when ordering. Your school's administrator can also securely

view your results online with their unique username and password.

If you need assistance please contact CastleBranch at (888) 723-4263 or <https://mycb.castlebranch.com/help> and a student support representative will be available.

Monday - Thursday 8:00AM - 8:00PM

Friday 8:00AM - 6:00PM EST.

Sunday 10:00AM - 6:30PM EST.

**WORKER RETRAINING**

**(425) 235-5840 (Student Success Center)**

You may be eligible to receive financial aid for approved training programs to help cover the cost of tuition, books, child care and transportation if you meet any of the following conditions:

- You are currently receiving unemployment benefits
- from the State of Washington
- You have exhausted unemployment benefits within the last 48 months
- You have received notice of a future layoff
- Are formerly self-employed (closed down business in last 48 months due to economic downturn)
- You are unemployed or underemployed after having been dependent on another family member's income, but no longer supported by that income due to separation, divorce, death, job loss or permanent disability of the main wage-earner
- You are a veteran discharged with in the last 48 months or active duty military member who has a separation notice
- Are a vulnerable worker meeting 2 of the following criteria:
  - Employed in a job that is "not in demand" determined by local demand-decline list
  - Have earned less than 45 college credits and no prior degree/certifications
  - Need to upgrade your skills to remain employed at your current job

**WORKFIRST SERVICES**

*(425) 235-5840 (Student Success Center)*

If you receive TANF assistance through DSHS, you may be eligible for free career training at RTC. Parents must be referred by their DSHS case manager. Call (425) 235-5840 for more information and to sign up for a TANF student orientation.

\*Indicates I-BEST offerings available in this program. Talk to an adviser or go to [rtc.edu/i-best](http://rtc.edu/i-best) for more information.

**PROGRAM OPTIONS AVAILABLE:**

The **ENGLISH LANGUAGE ACQUISITION (ELA)** Foundations program supports immigrants and refugees to improve their English for college and career success. Courses address skills in reading, writing, listening, speaking, technology, and math.

The **HIGH SCHOOL EQUIVALENCY (HSE)** program supports adults in improving their skills in reading, writing, oral communication and math in the context of science, social studies, art, health, and technology. Students may elect to prepare for their GED® exams or pursue their Adult High School Diploma (HS21+). HS 21+ is an opportunity for adults aged 21 and over to complete their Washington State High School Diploma by demonstrating competency in the required subject areas. The program combines current coursework with previous learning and experience. Students select from courses focused on English Language Acquisition (ELA) or Science, Technology, Engineering, and Math (STEM). Bilingual Spanish/English courses are also available in the HSE program.

The **COLLEGE & CAREER READINESS (CCR)** program supports students in intensive preparation for the next steps of their college and career pathway.

**ON CAMPUS COURSE AVAILABILITY**

Once you have completed Orientation and Educational Planning, you and your orientation instructor will choose your courses. Your orientation instructor will help you register. Courses are available during the following timeslots. There are also hybrid courses, which do not meet in class every day, but do include online coursework which must be completed outside of class time.

\*Not all programs are Financial Aid eligible. Please call the Financial Aid Office for current aid information at (425)-235-5841.

**GET STARTED!**

**CURRENT STUDENTS** Talk to your current instructor about placement and registration.

**NEW STUDENTS** To register for all classes ON Campus: You will register for Orientation and Educational Planning. During the 4-day Orientation, you will learn about the program, possible course options, and take placement tests. You will be placed into classes at the orientation. Register and pay tuition (\$25) in person at the Enrollment Services office, Building I Roberts Campus Center.

**ORIENTATION AND EDUCATIONAL PLANNING**

This course will (a) introduce adult learners to the learning options in the department, (b) provide learning assessment, (c) explore student goals and challenges to develop a personal learning plan, and (d) provide orientation to online learning tools. Students must complete this orientation prior to attending other courses in the department.

**HOW TO READ COURSE INFORMATION**

**ANTHROPOLOGY**

**RELIGION AND CULTURE**

This course is an anthropological exploration of religion. Using a combination of classical and contemporary works, students explore how religion is understood and lived by different people, how it shapes culture and cultural perceptions, and how it manifests in various political and cultural expressions, including in popular culture. Additionally, the class examines how religions are informed by historical and cultural change, and how they position different groups of people in relation to their respective sociopolitical worlds, with themes such as religion as a cultural system; ritual and symbols; gender, sexuality and religion; religion and media; secularism; and religion in a post-9/11 United States.

**ANTH& 234 G128** 5 CREDITS HYBRID H202  
4/4-6/20 9:15AM-11:35AM MW MOHIBULLAH H

**CROSS-CULTURAL MEDICINE**

In this course on medical anthropology, students study the concepts of disease, illness, health, treatment, and healing in global cultures. Topics may include ethnomedicine, aging, socioeconomic factors, epidemiology, and spirituality, with an emphasis on culturally competent care.

**BIOLOGY**

**INTRODUCTION TO ANATOMY AND PHYSIOLOGY**

This course provides students with an introduction to the basic concepts of anatomy and physiology. It includes organization, classification and control of anatomical structures and an introduction to the major body systems. The course covers some medical terminology and introduces some concepts from chemistry, and biochemistry. This course is intended for non-science majors or entry level allied health majors.

### APPLIED COMPOSITION

This practical writing course assists student with academic writing. The class incorporates journal summaries and basic essay formats to help students build on their sentence and paragraph strengths to be successful in college-level writing. This class assists students in moving their writing forward through practice.

## ECONOMICS

### MACROECONOMICS

Macroeconomics focuses on the national economy - the determination of the national income level, economic growth and prosperity; government spending and taxation, money and banking, analysis of employment, inflation, aggregate output and economic growth, and fiscal and monetary policy tools including the intended and unintended effects of government policies.

**ECON& 202 N492** 5 CREDITS ONLINE

## ENGLISH

### ENGLISH COMPOSITION

This college-level writing course develops a wide-range of expository writing and critical-thinking skills, including audience awareness, persuasive purpose, independent editing, and resource and literary analysis. Students incorporate composition ideas from primary experience and secondary sources. Students learn and demonstrate skills in integrating and documenting into their writing researched materials, according to an academically-recognized style, such as APA, Chicago, or MLA. Students revise drafts based on constructive comments offered by their peers and instructor. Upon successful completion of the course, students are able to write essays (of at least 1,000 words), demonstrating the conventions of standard written English. Prerequisite: Completion of COMP 100 with a 2.0, or recommended placement from the Directed Self-Placement test.

### COMPOSITION II

This course helps students develop ideas to guide research, to gather information from the library, internet, experts and other sources, and to judge the quality of the information. They learn to use ideas from a large number of sources as evidence in essays and longer research papers. Prerequisite: Completion of ENGL 101 with a grade of 2.0 or higher.

<b>ENGL&amp; 102 N402</b>	5 CREDITS			ONLINE
4/3-6/21	ARR	ARR		HIGGINS K

### INTRODUCTION TO LITERATURE

An analysis and critical understanding of selected literature across genres, locales and eras. Themes include family, faith, good and evil, the individual and society, cultural identity and gender. Students explore elements of plot, theme, setting and character development. Exams and essays based on readings.

<b>ENGL&amp; 111 N514</b>	5 CREDITS			ONLINE
4/3-6/21	ARR	ARR		STAFF

## GEOLOGY

### INTRODUCTION TO PHYSICAL GEOLOGY

Examines geologic processes that shape the Earth. Emphasis placed on understanding the language and methods of science as applied to our changing planet. Students develop critical thinking skills and apply them to regional geology. Topics include earthquakes, volcanism, glaciers, rivers and structure of the Earth. May include field trips. Includes laboratory.

<b>GEOL&amp; 101 N456</b>	5 CREDITS			ONLINE
4/3-6/21	ARR	ARR		LEWICKI

## HISTORY

### SURVEY OF AMERICAN HISTORY

This survey course examines the creation and evolution of the United States beginning with the histories of pre-contact native peoples and continuing through the present time. Through the exploration of key figures, eras and events, students develop historical thinking skills, draw conclusions from competing and contradictory sources, and recognize the role of perspective in historical documentation.

## HUMANITIES

### INTRODUCTION TO HUMANITIES

This course takes an interdisciplinary approach to the visual, performing and literary arts. Students explore cultural and political contexts, as well as aesthetic principles, of arts around the world. Emphasis is placed on discovery, analysis, and appreciation of diverse works from areas like the fine arts, theater, music, architecture, literature, philosophy, and/or religion.

## MATHEMATICS

### APPLIED MATHEMATICS FOR BUSINESS AND INDUSTRY

This course lays the foundation for the study of algebra and its application to business and industry. The topics covered include: real numbers, properties of real numbers, operations on real numbers; absolute values, variables, simplifying algebraic expressions; solving linear equations; geometry; units of measurement; introduction to graphs, statistics and probability. Prerequisite: completion of MATH 065 with a grade of 2.0 or higher, or placement by ACCUPLACER.

**DESCRIPTIVE STATISTICS WITH ALGEBRA I**

This course provides an introduction to statistics and algebra for non-STEM majors and is based on the Statway curriculum for teaching statistics with integrated algebra. This is the first quarter of three in the STATWAY sequence. This sequence covers concepts and methods of statistics with an emphasis on data analysis. Topics for this course include methods for collecting data, graphical and numerical descriptive statistics, correlation, simple linear regression. Application problems will be taken from the fields such as business, economics, medicine, engineering, education, psychology, sociology and from culturally diverse situations. This sequence is recommended for students with majors that require no mathematics beyond freshman-level statistics. Completion of the MATH 091, MATH 092, and MATH 136 sequence is equivalent to finishing a college level statistics course (such as MATH& 146).

<b>MATH 091 G268</b>	5 CREDITS		H303

## CALCULUS II

Integral calculus. The definition, interpretation and application of the definite integral. The Fundamental Theorem of Calculus, techniques of integration and definite integrals involving parametrically described curves. Introduction to differential equations. This class is taught either in traditional lecture mode or through individually tailored, interactive computer instruction that provides the students' primary method of learning, with the instructor available to assist students on an individual basis during the class period. Prerequisite: completion of MATH&151 with a grade of 2.0 or higher.

## MUSIC

### MUSIC APPRECIATION

This course helps students develop an understanding of the elements and vocabulary of music while deepening their appreciation of music as a reflection of cultural tradition and innovation. Students gain tools for analysis such as the historical, political and cultural influences on musical traditions. Class activities include lectures, written materials, and a variety of listening experiences.

4/3-6/21 ARR ARR LEHNHOFF L

## NUTRITION

### HUMAN NUTRITION

This course provides students with information pertaining to the functions of nutrients in the body and the physiologic processes involved in digestion and absorption. Topics covered include anatomy and physiology of digestion and absorption; specific utilization of carbohydrates, protein, and fats; vitamin and mineral supplements. Other topics include factors that govern nutrient requirements, and the impact of diet on health and disease. Basic principles of chemistry, biology, and physiology are applied to the study of nutrition. This course is suggested for students majoring in nursing or other health-related areas.

### ETHICAL ISSUES IN INFORMATION TECHNOLOGY

This course covers current legal issues in information technology such as: privacy, identity theft, copyright law, hacking, and fraud. An overview of related international laws and state and local regulations is also included. The students will study the difference between laws and ethics and examine ethical issues encountered in the business world to arrive to appropriate ethical choices. Prerequisite: Acceptance to a BAS program or permission of the instructor.

**PHIL 481 N778** 5 CREDITS HYBRID H205

## POLITICAL SCIENCE

### AMERICAN GOVERNMENT

This course explores the structure and dynamics of American national government. The course provides a broad-based introduction to the ideas and institutions that have shaped politics in the contemporary United States. Special areas of focus will include: the Constitution and the debates of the founding era, the institutions of modern American government, and the political behavior of the American mass public. The course will draw inspirationally on documents from America's Revolutionary and Civil War periods as well as on key historical and contemporary Supreme Court opinions, Congressional laws, and Presidential policy papers. This course will also analyze how the dynamics of regional and global forces have impacted on domestic politics and American government, informing the shaping of its attitudes and policies to the rest of the world.

## PSYCHOLOGY

### GENERAL PSYCHOLOGY

General Psychology surveys the knowledge and methods of the discipline of psychology. Emphasis is placed upon application of psychological knowledge to daily situations, and upon accessing and assessing information from a variety of sources about behavior. Skills in scientific reasoning and critical thinking are developed during this course. Areas of psychology to be included are: research methods, neuroscience, human development, sensation, perception, consciousness, learning, memory, cognitive processes, intelligence, motivation, emotion, personality, psychological disorders, psychotherapy, stress and health, and social psychology. Basic computer and keyboarding skills strongly recommended.

**LIFESPAN PSYCHOLOGY**

This course covers the concepts of human life span development in psychology and research from the prenatal stage to end of life experiences. Life span development includes socio-emotional, cognitive, and physiological development. Included are the influences on human development by such factors as biology, life experiences, family, and culture. Each individual, although unique follows a process that is affected by Primary caregivers, siblings, extended family, teachers, friends, partners, and events. Emphasis will be on understanding human development and the influences of family and culture that includes ethnicity, beliefs, family structure, traditions, and gender.

## AIA-CES

**REVIT ARCHITECTURE FUNDAMENTALS**

This course is designed for new users of Revit Architecture. The course covers the basics of Autodesk Revit Building, from building design through construction documentation. Students are introduced to the concepts of Building Information Modeling and the tools for parametric design and documentation. In the hands-on lab sessions, the students use the parametric 3D design tools of Revit to design projects and use the automated tools for documenting projects. No previous CAD experience is necessary. However, architectural design, drafting or engineering experience is highly recommended. It is recommended that you have a working knowledge of Microsoft Windows (XP, 2000, or NT 4.0). (Note for architects: program number LRA011, 24 LU hrs, non HSW). No class on 5/26.

**DFTS 136 L442** 3 CREDITS FEE: \$285 J305  
5/12-6/9 8:00AM-4:30PM Sa LEPESKA A

**REVIT ARCHITECTURE ADVANCED**

This course builds upon the Revit Architecture Essentials class and the students learn advanced techniques for creating complex designs and professional looking renderings, creating and customizing objects, and collaborating on designs with other team members using Autodesk Architecture. Other topics include phasing and design options, running interference checks, and ODBC database export. Prerequisite: DFTS 136 or instructor permission. (Note for architects: program number MRA011, 24 LU hours, non HSW).

**DFTS 137 L444** 2 CREDITS FEE: \$285 J303  
6/9-6/23 8:00AM-4:30PM Sa LEPESKA A

**REVIT ARCHITECTURE CONCEPTUAL DESIGN**

Students expand their knowledge in the areas of Conceptual Design, including massing studies, space planning, visualization, and rendering. Prerequisite: DFTS 136 or working knowledge of Revit Architecture, (Note for architects: program number CRA 013, 8 LU hrs, non HSW).

**DFTS 139 L448** 1 CREDIT FEE: \$125 J204  
5/7-5/14 5:30PM-8:30PM Sa LEPESKA A

**PROGRAMMING FOR AUTOCAD**

This hands-on class focuses on VBA and ADO. The students use VBA to create and manipulate the AutoCAD database; also use ADO to connect the desktop databases to AutoCAD. Prerequisite: DFTS 118, AutoCAD-Level III, and some programming experience with Visual Basic. RTC is a Premier Authorized Training Center for Autodesk, Inc.

**DFTS 140 W666** 6 CREDITS ONLINE

**REVIT ARCHITECTURE BIM MANAGEMENT**

Building Information Modeling (BIM) is an approach to the entire building life cycle. Revit Architecture is a powerful BIM program that supports the ability to coordinate, update, and share design data with team members throughout the design, construction, and management phases of a building's life. The objective of the Revit Architecture BIM Management course is to enable students who have worked with Revit to expand their knowledge in setting up office standards with templates that include annotation styles, preset views, sheets, and schedules, as well as creating custom element types and families. (Note for Architects: Program number BRA 011, 16 LU hrs, non HSW)

**DFTS 141 L430** 1 CREDIT J303

**REVIT ARCHITECTURE COLLABORATION TOOLS**

Revit Architecture is a Building Information Modeling (BIM) tool, which can be used by more than one person working on a new project. The objective of the Revit Architecture collaboration Tools course is to enable students who have a basic knowledge of Revit to increase their productivity while working with other people on a team, either in the same firm or with other firms, and use Revit files or other CAD files. No class on 5/28.

**DFTS 142 L432** 1 CREDIT J303  
5/21-6/18 5:30PM-9:30PM M LEPESKA A

**INTRODUCTION TO AUTODESK NAVISWORKS**

In this class the students will learn how to use the Navisworks collaboration tool to work with files connected to a construction project. Class topics include the import process of different file formats, annotation of 3D models, clash detection, and schedule coordination with TimeLiner. Pre-requisite: knowledge of AutoCAD 3D commands, Autodesk Revit, or instructor's permission.

**DFTS 143 L412** 1 CREDIT J303  
4/9-4/23 8:00AM-4:30PM M LEPESKA A

**REVIT MEP**

The students will learn each aspect of Revit MEP: mechanical, electrical, and plumbing. Using solid modeling, the students will create equipment and symbols that can be used in future projects. The class also includes instruction on templates and project set up. Pre-requisite: knowledge of AutoCAD 3D commands, Autodesk Revit, or instructor's permission.

4/7-4/28 8:00AM-4:30PM Sa LEPESKA A

## AUTOCAD

**AUTOCAD LEVEL I & II**

Students are introduced to the basics of engineering drafting and AutoCAD. Basic drawing commands, editing, dimensioning, and plotting are covered in this course. Requires a computer with a current version of AutoCAD. Class meets online at [www.waol.org](http://www.waol.org). RTC is a Premier Authorized Training Center for Autodesk, Inc.

**DFTS 113 W664** 6 CREDITS ONLINE  
4/3-6/21 ARR LEPESKA A

**AUTOCAD-LEVEL I**

An introductory class to AutoCAD that equips the user to use AutoCAD on a basic level. The students learn the basic principles of the user interface, drawing setup procedures, function keys, basic 2D drawing creation commands, file management commands, layers, inquiring about drawing information, introduction to block creation, hatching, introduction to dimensioning techniques, object snaps, commands for object viewing, basic editing techniques, and text annotations. RTC is a Premier Authorized Training Center for Autodesk, Inc.

**DFTS 114 L404** 3 CREDITS J304  
4/10-6/21 5:30PM-9:30PM TTh LEPESKA A

**AUTOCAD-LEVEL II**

A second level AutoCAD course that takes the user into intermediate AutoCAD functions and concepts. Topics covered include: CAD standards, creating and editing Blocks, Attributes, Dimensioning concepts, Paper Space, Model Space, Layouts, External References, DesignCenter, Geometric calculator, Properties Windows, Options Dialog Box, Grips, basic plotting techniques in model space and paperspace layouts, and plot style tables. Prerequisite: DFTS 114 or instructor permission. RTC is a Premier Authorized Training Center for Autodesk, Inc.

4/10-6/5 5:30PM-9:30PM TTh LEPESKA A

**AVIATION**

**AVIATION GROUND SCHOOL - PRIVATE PILOT**

This 60 hour aviation pilot ground course offers guidance and training to help pass the required FAA "written" knowledge test, the first step required toward achieving a FAA Pilot License. Also a great course for those just interested in learning more about aviation as it relates associated flight operations. 1/2 hour of Motion Simulator time is also included! (Subject to CFI availability). In addition, it provides an excellent in depth review for returning pilots. Some elements covered are generic piston aircraft systems, aerodynamics, weather, navigation, airport & airspace operations, communications and Federal Air Regulations. Upon successful completion of the course a certificate will be provided allowing the student to take the actual FAA multiple choice "written" test. Includes all books and other items such a plotter and mechanical flight computer. Off campus site classroom is located at Renton Municipal Airport, allowing direct access to aircraft, associated support items and airport operations when needed.

**BOILER OPERATOR**

**BOILER OPERATOR LICENSING CLASS 3 & 4**

Students review boiler and pressure vessel construction and operation of steam and hot water heating plants and systems, including moderate size high-pressure boilers. This class is the first step in preparing individuals for a third or fourth grade license examination with the City of Seattle and the Tacoma Steam Advisory Certification Board. To qualify for license examination, eighty hours of observation time is also required. The eighty hours can be either observation on a job site or completion of BLRS 111, Boiler Operator Lab. For up-to-the-minute license exam information and changes, contact the City of Seattle or the City of Tacoma. Textbook required. No class on 5/26.

### MACHINING/MILLING

This course is for individuals who have had previous experience or have completed Machining/Lathe and emphasizes advanced shop practices, basic machine and hand tool operation, and the use of industrial milling and grinding machinery. All students are required to have safety glasses and leather shoes. No class on 5/26.

**MTECS 115 K314** 5 CREDITS F104  
4/14-6/23 8:30AM-5:00PM Sa SHEEHAN J

### INTRODUCTION TO SOLIDWORKS

This course is an introduction to creating 3-D computer-aided design models. SolidWorks is a feature-based, parametric solid-modeling design program. Topics include base, boss, and cut feature creation using extruded, revolved, or simple swept shapes, and sketching techniques for detail and assembly drawing creation. No class on 5/9 and 5/23.

**MTECS 122 K316** 3 CREDITS F109  
4/10-6/12 5:30PM-9:30PM W MARTINEZ F

### ADVANCED SOLIDWORKS

This class is the second of the 2-class sequence for creating 3-D computer-aided design models using SolidWorks design software. Topics include, but are not limited to, sheet metal design, advanced swept and lofted shapes, and parametric surfaces generation. Prerequisites: MTECS 122 or instructor permission. No class on 5/9 and 5/23.

**MTECS 123 K318** 3 CREDITS F109  
4/10-6/12 5:30PM-9:30PM W MARTINEZ F

### INTRODUCTION TO MASTERCAM

Explore the basics of CNC programming using Mastercam software. Learn geometric construction, write and document programs using contours, drill and pocket functions, tool path as well as file management, editing and post-processing. No class on 5/9 and 5/23.

**MTECS 220 K324** 3 CREDITS F109  
4/10-6/12 5:30PM-9:30PM W MARTINEZ F

## ADVANCED MASTERCAM

Discover advanced programming tools in Mastercam to program complex parts. Learn standard wireframe construction, 2D and 3D, swept surfaces, ruled surfaces, and solids. 3D tool path, 4th axis or rotary axis, parameters, printing and documentation of all NC programs. Prerequisite: MTECS 220 or instructor approval. No class on 5/9 and 5/23.

**MTECS 222 K326** 3 CREDITS F109  
4/10-6/12 5:30PM-9:30PM W MARTINEZ F

## RENTON EMERGENCY PREPAREDNESS ACADEMY

Renton Emergency Management staff can come talk about preparedness at your event or meeting of 10 or more people. Classes available in Spanish. To request a speaker, visit [bit.ly/2eTOHdL](http://bit.ly/2eTOHdL) or call 425-430-7723.

### COMMUNITY EMERGENCY RESPONSE TEAM (CERT)

In the critical period after a disaster when first responders can't reach everyone, will you be able to help yourself and others? Who will look out for your community in an emergency better than you? CERT teaches you how to do just that! Learn skills like disaster first aid, fire suppression, utility safety, personal preparedness, terrorism response, search and rescue, psychology, and much more! This class is a combination of lecture and hands on teaching to get you ready to help yourself and others during an emergency. Ages 16 and up, minors must be accompanied by an adult. Sign up at [rentonwa.gov/cybersignup.org](http://rentonwa.gov/cybersignup.org) or call 425-430-6700. Registration opens 12/7/17.

### INTRO TO AMATEUR (HAM) RADIO

Amateur radio, often called ham radio, is both a hobby and a service in which participants called "hams" use various types of radio equipment to communicate with other radio amateurs for recreation and public service. This class will cover the basics of amateur radio, including technology, radio etiquette, emergency communications, and what to look for when purchasing a radio. You will also learn about the opportunities for putting your radio skills to good use! This class is designed for people who already have their ham radio technician license, but it is not a requirement. Ages 18 and up (13+ with guardian). Sign up at [rentonwa.gov/cybersignup.org](http://rentonwa.gov/cybersignup.org) or call 425-430-6700. Registration opens 4/6/18.

FEE: FREE RENTON FIRE STATION 12

### QUÉ HACER EN CASO DE UNA EMERGENCIA

Durante esta clase nos ubicaremos geográficamente para mejor entender a qué estamos expuestos en tanto a clima y el terreno donde vivimos. Abordaremos diferentes incidentes que pueden afectarnos de manera colectiva como lo son terremotos, inundaciones, tormentas de nieve, heladas, etc. A la vez presentaremos claros consejos sobre cómo debemos de prepararnos de manera sencilla y responsable para ayudar efectivamente a nuestras familias, amigos y a nosotros mismos. Este curso es para personas mayores a 13 años. (Los menores de edad deben ser acompañados por un adulto.) Esta clase supone que habla el español con fluidez. Favor de apuntarse en [rentonwa.gov/cybersignup.org](http://rentonwa.gov/cybersignup.org) o llame al 425-430-7726 para recibir más información. Las inscripciones comienzan (el seis de abril) 4/6/18.

FEE: FREE                      RTC ROOM C-111

### PLAYING WITH FIRE!

Playing with fire is generally not advised, but in this class that is exactly what we will do! After learning the basics of fire science, types of extinguishers and home fire safety in the classroom, we will go out to the fire training grounds and play with fire. This is a hands-on class to experiment with different types and sizes of fire extinguishers. You will leave the class with experience putting out fires and the knowledge you need to take action if you encounter a fire. Ages 14 and up, minors must be accompanied by a parent or guardian. Sign up at [rentonwa.gov/cybersignup.org](http://rentonwa.gov/cybersignup.org) or call 425-430-6700. Registration opens 4/6/18.

FEE: FREE                      RENTON FIRE STATION 14  
6/26                      6:00PM-9:00PM                      T                      MATTSON

## WELDING

### OXYACETYLENE WELDING AND BRAZING-A

Includes oxyacetylene welding in multiple positions on mild steel sheet metal and brazing in the flat position on mild steel plate and sheet. Learn to use personal protective equipment, understand welding processes and methods of application. Instruction on the safe use of oxyacetylene torch. No class on 5/28. No class on 5/9 and 5/23.

**WELDS 102A K602** 3.5 CREDITS                      A1  
4/9-6/4                      6:00PM-10:00PM                      MW                      FORRESTOR M

**WELDS 102A K658** 3.5 CREDITS                      A1  
4/10-6/5                      6:00PM-10:00PM                      TTh                      FORRESTOR M

### OXYACETYLENE WELDING AND BRAZING-B

Includes oxyacetylene welding in multiple positions on mild steel sheet metal and brazing in the flat position on mild steel plate and sheet. Learn to use personal protective equipment, understand welding processes and methods of application. Instruction on the safe use of an oxyacetylene torch. No class on 5/28. No class on 5/9 and 5/23.

**WELDS 102B K604** 3.5 CREDITS                      A1  
4/9-6/4                      6:00PM-10:00PM                      MW                      FORRESTOR M

**WELDS 102B K660** 3.5 CREDITS                      A1  
4/10-6/5                      6:00PM-10:00PM                      TTh                      FORRESTOR M

### SHIELDED METAL ARC WELDING I-A

Students receive individualized instruction in shielded metal arc welding in multiple positions on mild steel plate E6010 and E6011 electrodes. Learn to use personal protective equipment, understand welding processes and methods of application, and welding electricity and physics basics. No class on 5/28. No class on 5/9 and 5/23.

**WELDS 105A K610** 3.5 CREDITS                      A1  
4/9-6/4                      6:00PM-10:00PM                      MW                      FORRESTOR M

**WELDS 105A K662** 3.5 CREDITS                      A1  
4/10-6/5                      6:00PM-10:00PM                      TTh                      FORRESTOR M

### SHIELDED METAL ARC WELDING I-B

Students receive individualized instruction in shielded metal arc welding in multiple positions on mild steel plate with E6010 and E6011 electrodes. Learn to use personal protective equipment, understand welding processes and methods of application, and welding electricity and physics basics. No class on 5/28. No class on 5/9 and 5/23.

**WELDS 105B K612** 3.5 CREDITS                      A1  
4/9-6/4                      6:00PM-10:00PM                      MW                      FORRESTOR M

**WELDS 105B K664** 3.5 CREDITS                      A1  
4/10-6/5                      6:00PM-10:00PM                      TTh                      FORRESTOR M

### WELDING

This course is designed to prepare welders for job entry, technical upgrading and certification in most processes of welding. Classroom and practical experience is offered in oxy-acetylene, SMAW, MIG and TIG. Student's previous experience dictates starting point. WABO certification is available. No class on 5/26. No class on 5/9 and 5/23.

**WELDS 106 K606** 4 CREDITS                      A1  
4/7-6/16                      8:00AM-2:30PM                      Sa                      NGUYEN N

### SHIELDED METAL ARC WELDING II-A

Individualized instruction continues in shielded metal arc welding in multiple positions on mild steel plate with E7018 electrodes. Practice good safety habits; understand welding processes and methods of application, and welding electricity and physics basics. No class on 5/28. No class on 5/9 and 5/23.

**WELDS 106A K614** 3.5 CREDITS                      A1  
4/9-6/4                      6:00PM-10:00PM                      MW                      FORRESTOR M

**WELDS 106A K666** 3.5 CREDITS                      A1  
4/10-6/5                      6:00PM-10:00PM                      TTh                      FORRESTOR M

### SHIELDED METAL ARC WELDING II-B

Individualized instruction continues in shielded metal arc welding in multiple positions on mild steel plate with E7018 electrodes. Practice good safety habits, understand welding processes and methods of application, and welding electricity and physics basics. No class on 5/28. No class on 5/9 and 5/23.

**WELDS 106B K624** 3.5 CREDITS                      A1  
4/9-6/4                      6:00PM-10:00PM                      MW                      FORRESTOR M

**WELDS 106B K668** 3.5 CREDITS                      A1  
4/10-6/5                      6:00PM-10:00PM                      TTh                      FORRESTOR M

### WELDING BRUSH-UP

This course is designed for individuals needing a brush-up course in welding. Practical experience is offered in gas, arc, MIG and TIG welding. The instruction in the program is individualized. Previous experience determines a student's starting point. Entrance into the program depends upon student space availability and instructor permission. This course is ideal for someone needing to practice for a qualification test. This course is not intended for beginner welding students in any welding process. No class on 5/28. No class on 5/9 and 5/23.

**WELDS 108 K608** 4 CREDITS                      A1  
4/3-6/21                      8:00AM-2:30PM                      DAILY                      PARKER D

\*Not all programs are Financial Aid eligible. Please call the Financial Aid Office for current aid information at 425-235-5841.

**FLUX CORED ARC WELDING-A**

This course includes individualized instruction in both gas shielded and self shielded flux core arc welding with E71T-1 and E71T-6 electrodes on mild plate in multiple positions. Learn to use personal protective equipment, understand welding processes and methods of application, and welding electricity and physics basics. No class on 5/28. No class on 5/9 and 5/23.

<b>WELDS 110A K626</b>	3.5 CREDITS		A1
4/9-6/4	6:00PM-10:00PM	MW	FORRESTOR M
<b>WELDS 110A K670</b>	3.5 CREDITS		A1
4/10-6/5	6:00PM-10:00PM	TTh	FORRESTOR M

**FLUX CORED ARC WELDING-B**

This course includes individualized instruction in both gas shielded and self shielded flux cored arc welding with E71T-1 and E71T-6 electrodes on mild plate in multiple positions. Learn to use personal protective equipment, understand welding processes and methods of application, and welding electricity and physics basics. No class on 5/28. No class on 5/9 and 5/23.

<b>WELDS 110B K628</b>	3.5 CREDITS		A1
4/9-6/4	6:00PM-10:00PM	MW	FORRESTOR M

**GAS METAL ARC WELDING-A**

This course includes individualized instruction in the following types of gas metal arc welding: short circuited arc with E70S-3 on mild steel sheet in multiple positions, spray arc with E70S-3 electrodes on mild steel plate in multiple positions, and spray arc with aluminum 5356 electrodes in multiple positions. Use personal protective equipment, understand welding processes and methods of application, and welding electricity and physics basics. No class on 5/28. No class on 5/9 and 5/23.

<b>WELDS 111A K630</b>	3.5 CREDITS		A1
4/9-6/4	6:00PM-10:00PM	MW	FORRESTOR M
<b>WELDS 111A K674</b>	3.5 CREDITS		A1

<b>WELDS 111B K676</b>	3.5 CREDITS		A1
4/10-6/5	6:00PM-10:00PM	TTh	FORRESTOR M

**CERTIFIED WELDING INSPECTOR TRAINING**

This course will provide the enrollees with the opportunity to apply the principals involved in welding inspection. The students will know the duties of the welding inspector, as well as the responsibilities. The students will be prepared to take the AWS, QC-1 test for CWI certification. No class on 5/26. No class on 5/9 and 5/23.

<b>WELDS 112 K616</b>	5 CREDITS		A6
4/7-6/16	8:00AM-2:30PM	Sa	GEIST R

**WELDING FABRICATION I**

This course provides fabrication instruction to those who are proficient in at least one arc welding process. The instruction includes project planning, trade math, welding blueprints, layouts, joint design, rolling, bending, plasma cutting, grinding, polishing, finishing and other various fabrication methods. Students are required to purchase their own materials for projects. Prerequisite: instructor permission.

<b>WELDS 114 K618</b>	5 CREDITS		A10
4/10-6/5	5:30PM-9:30PM	TTh	PARKER D

**GAS TUNGSTEN ARC WELDING I-A**

Receive individualized instruction in gas tungsten arc welding on mild steel plate and sheet with ER70S-X rod in multiple positions; on stainless steel in multiple positions using 308, 309, and 316 filler rod; and on aluminum sheet in multiple positions using 4043 and 5356 filler rod. Use personal protective equipment, understand welding processes and methods of application, and welding electricity and physics basics. No class on 5/28. No class on 5/9 and 5/23.

<b>WELDS 114A K634</b>	3.5 CREDITS		A1
4/9-6/4	6:00PM-10:00PM	MW	FORRESTOR M

**CONSTRUCTION & BUILD**

**FORKLIFT TRAINING**

Students demonstrate skill, safety and efficiency in operating a sit-down, counter-balance forklift. Certification is available to students who qualify. However, current safety regulations require that an employer must an employee's ability and provide training on any machinery, attachments, or working conditions specific to a particular job site. Ives Certification. This class is limited to 8 students. A student must have experience driving a car or truck. Class times are: One Thursday, 5PM-9PM; Two consecutive Saturdays, 9AM-5PM.

<b>WHFRS 101 Q601</b>	1 CREDIT			L105A
4/19-4/28	4:00PM-8:00PM	ThSa	HAECKL A	

**FORKLIFT RECERTIFICATION**

This class is designed for individuals with a valid (non-expired) forklift card who are interested in renewing their certification. Ives Certification. This class is limited to 8 students. A student must have experience driving a car or truck. Class times are: One Thursday, 5PM-9PM; One Saturday, 9AM-5PM.

<b>WHFRS 201 Q602</b>	1 CREDIT			L105A
4/19-4/21	4:00PM-8:00PM	ThSa	HAECKL A	

**CUSTOMIZED CONT ED FOR WELDER ENTHUSIASTS I**

This series is designed for welding enthusiasts who enjoy the craft as a hobby or art. Students begin each course with an instructor assessment of previous experience, aptitude and interest in multiple welding processes. Depending on demonstrated, safe level of experience, students may complete one or several applications, beginning with oxyacetylene, shielded metal arc, flux core and gas tungsten welding. All students will learn proper personal protective equipment use and shop safety. Students may progress and continue with continuing education by registering in classes sequentially. If you are interested in learning a welding application for your employment, apprenticeship or to earn a certification, please register for the supplemental class meeting your needs. No class on 5/28. No class on 5/9 and 5/23.

**ACCOUNTING**

**ACCOUNTING CLERK**

**Program Options**

- *Certificate of Completion*
- *Program length: 2 quarters*
- *Entry point: fall, winter or spring quarters*

Accounting is the "language of business." This program provides basic fundamental skills in accounting theory and procedures and basic computer training in word processing, database, electronic spreadsheets, and general ledger. Upon completion of this program, the student has the fundamental skills for entry into the job market and also has the foundation for additional accounting training.

**ACCOUNTING PARAPROFESSIONAL**

**Program Options**

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Program length: 4 quarters*
- *Entry point: fall, winter or spring quarters*

This program builds upon the fundamental skills learned in the Accounting Clerk program. This program provides additional training in specialized areas including small business accounting, income tax preparation, partnership and corporation accounting, financial applications, and also provides an introduction to business law as it relates to the business environment. To earn an Associate of Applied Science degree, the student must complete all requirements for the certificate programs well as 30 credits of additional accounting and General Education coursework. Transfer credit from other institutions is considered upon validation of transcript and course work.

**OFFICE MANAGEMENT**

**Program Options**

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Program length: 4 quarters*
- *Entry point: fall, winter or spring quarters*

Preparing for a successful career in office management takes time, energy, and commitment. In this track, students learn the skills needed to manage a business through hands-on application of business concepts. Course topics include accounting, business law, communications, human relations, marketing, Microsoft Office applications, office procedures, operations management, and supervision. To earn an Associate of Applied Science Degree, the student must complete all requirements for the certificate program plus 15 credits of General Education.

**AEROSPACE**

**AEROSPACE & MANUFACTURING INTRODUCTION**

**Program Options**

- *Certificate of Completion*
- *Program length: 1 quarter*
- *Entry point: summer or winter quarters*

This program introduces students to aerospace and manufacturing careers, and prepares them to be manual machinists. Students identify conventional lathes and milling machines, as well as grinders and other equipment commonly found in aerospace and manufacturing facilities. Students learn manufacturing theory and practical skills, as well as blueprint reading, math, and college success strategies. This program articulates with Tech Prep programs through the Puget Sound Dual Credit Career Consortium.

## AEROSPACE & INDUSTRIAL PRODUCTION TECHNOLOGIES

### Program Options

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Program length: 7 quarters*
- *Entry point: fall or spring quarters – dependent on NCCU accreditation*

This program prepares students or incumbent workers for careers in production and fabrication in lean industrial and technologically advanced environments, with a focus on aerospace and advanced manufacturing. Students will learn proper fabrication techniques as well as material handling and trade specific machine use. This course includes the evaluation of student comprehension in lecture, fabrication techniques and specialized equipment use from one lesson to the next. Students will learn to read and interpret engineering drawings to fabricate various parts or tools. Self-inspection and quality assurance standards are contextualized throughout the program, insuring critical thinking and just-in-time evaluative practices. Fabrication techniques and metrology intelligence are followed by applied training in advanced metrology, fabrication and structures production fundamentals in numerous manufacturing environments.

## ANESTHESIA TECHNOLOGIST

### Program Options

- *Associate of Applied Science-Transfer (AAS-T) Degree*
- *Degree Program length: 6 quarters*
- *Entry point: winter quarter*

This program provides entry level training leading to an Associate of Applied Science-Transfer Degree (AAS-T). Curriculum is based on the American Society of Anesthesia Technologists and Technicians (ASATT) standards and guidelines. Course work includes the following: medical terminology, pharmacology, EKG analysis, anesthesia equipment principles and applications, and general medical knowledge. Included in the program are intensive clinical experiences in local area hospitals. Students must complete and pass a nationwide criminal background check prior to admission into the program at <http://portal.castlebranch.com/rr63> (use package code Rr65). Students must meet immunization and program specified health requirements, and proof of health insurance is required for participation in the program. Must be 18 or older and have a high school diploma or GED. Required before entry is a 5 credit Introduction to Anatomy and Physiology course.

## APPRENTICESHIP PROGRAM

Earn while you learn! Numerous joint apprenticeship Programs are affiliated with Renton Technical College. Apprenticeship Programs offer the opportunity to “earn while you learn.” Apprentices typically work fulltime in their field, while attending school a few weeks/year or a few nights/week. Most apprenticeships are in the building and construction trades or manufacturing. Apprenticeship Programs last two to five years, and an apprentice’s wages increase with experience. Some programs-Custodial, Ardagh Group Apprenticeship, and Stationary Engineers-are only open to current employees in participating companies. Other programs, listed below, accept applications from the broader community. Although the following apprenticeship programs are affiliated with Renton Technical College, each program has its own coordinator, joint labor-management committee, and selection procedures. Generally, applicants must be at least 17 or 18 years old, have a valid Washington state driver’s license, and go through a selection process, which might include a written test, physical test, drug test, and interview. For more information on specific programs, please contact the apprenticeship coordinators listed below.

**\*Apprenticeship fee is per hour, Journeyman fee is per hour**

Renton Technical College offers an Associate of Applied Science degree in Multi Occupational Trades. This degree is open to graduates of apprenticeship Programs with at least 432 classroom hours. For more information on degree requirements, refer to the General Education classes in this Class Schedule or call Student Success Center at (425) 235.5840.

**AUTOMOTIVE**

**AUTOBODY REPAIR AND REFINISHING**

**Program Options**

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Program length: 7 quarters*
- *Entry point: fall quarter*

This program prepares students for entrance into the automotive collision repair industry. All courses are taught in accordance with recommended industry procedures and standards set forth by industry-recognized organizations such as the National Institute for Automotive Service Excellence (ASE) and the Inter-Industry Conference on Auto Collision Repair (ICAR). The program courses are divided into five main areas of study: Non-Structural Analysis and Damage Repair, Structural Analysis and Damage Repair, mechanical and electrical components, plastics and adhesives, and painting and refinishing. All shop training is performed using state-of-the-art tools and equipment within one of the most modern facilities in the nation. Emphasis is placed on safety and professionalism.

**\*Additional Program Fee: \$20/credit, max 15 credits per quarter**

4/3-6/21	7:00AM-1:30PM	DAILY	K103
			ERVIN

**AUTOMOTIVE, FORD ASSET**

**Program Options**

- *Associate of Applied Science Degree*
- *Program length: 8 quarters*
- *Entry point: fall quarter*

Ford ASSET is a joint effort of Ford Motor Company, Renton Technical College and a sponsoring Ford or Lincoln dealership. The ASSET program utilizes specific periods (approximately nine weeks) of classroom/lab instruction alternating with specific periods of full-time work experience at a Ford or Lincoln dealership. Technical training on Ford automotive products is provided in all Automotive Service Excellence (ASE) repair areas plus specific Ford Motor Company Service Technician Specialty Training certification courses and covers the latest developments of Ford technology including: engines, fuel management, electronics, transmission/transaxles, brake systems and air conditioning. The program applies, in a real work setting, what a student learns during the previous instructional session. The student becomes familiar with the dealership environment and the organizational structure while developing competencies that are expected of a professional automotive technician.

**\*Additional Program Fee: \$10/ credit, max 15 credits per quarter**

			THOMPSON/SPANIEL

**AUTOMOTIVE TECHNOLOGY**

**Program Options**

- *Certificate of Completion*
- *Program length: 4-8 quarters*
- *Entry point: fall, winter and spring quarters*

The Automotive Maintenance and Light Repair Technician program is the entry point for both the Automotive Technology and Automotive Technology programs. Students receive three quarters of ASE / NATEF training in a hands-on, live-work environment and a quarter of internship in an approved automotive repair facility where students can put their skills to work in a real work environment. Successful students should be able to pass ASE Certification exams in Maintenance and Light Repair, Brakes, Steering & Suspension, and Heating & Air Conditioning. Successful students may choose to advance to either Automotive Technology or the Automotive Technology program for more advanced training in vehicle power trains and electronics.

In the three-quarter Automotive Technology Certificate of Completion program, students are prepared for the challenges of working on today's sophisticated and complex automobiles. Students learn all aspects of automotive repair and are

provided with hands-on training in real-world shop environments using modern state of the art technologically advanced equipment and facilities. Students graduate with a Washington State Emission Certification and an ASE Refrigerant Recovery and Recycling Certificate. Students are provided the opportunity for ASE certification in Engine Repair, Automatic Transmission/Transaxle, Manual Drive Train, Suspension and Steering, Brakes, Electrical/Electronic Systems, Heating and Air Conditioning, Engine Performance, and Advanced Engine Diagnostics. By combining mechanical, electronic, math, communication and problem-solving skills with hands-on training, students develop a solid foundation to ensure their success in the automotive field. The Automotive Technology is a four -quarter Associate of Applied Science (AAS) program option in which students receive training in all eight NATEF/ASE automotive repair areas (Engine Repair, Manual Drive Train, Automatic Transmission, Brakes, Steering and Suspension, Heating and Air Conditioning, Electrical/ Electronic Systems, and Engine Performance). Students gain real work experience in the automotive shop environment and develop the competencies of a professional automotive technician.

**COMMERCIAL BUILDING & INDUSTRIAL ENGINEERING**

**COMMERCIAL BUILDING ENGINEERING**

**Program Options**

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Program length: 8 quarters*
- *Entry point: fall, winter or spring quarters*

This program is designed so students can enroll for mornings, afternoons, or evenings to better fit their working schedule. Instruction areas include refrigeration and building systems, boiler operations, and hazardous waste management. Students learn to regulate and maintain heating, cooling, and ventilation systems for commercial buildings. An emphasis is placed on practical experience and hands-on training whenever possible. This program is a recognized "School of Technology" by the City of Seattle and the Tacoma Steam Advisory Certification Board.

**INDUSTRIAL ENGINEERING**

**Program Options**

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Program length: 8 quarters*
- *Entry point: fall, winter or spring quarters*

This program is designed so students can enroll for mornings, afternoons, or evenings to better fit their work schedules. Instruction areas include electrical, refrigeration, boiler operations, basic welding, brazing, and pipe sweating, programmable logic controls, and mechanical maintenance. Students learn to maintain, troubleshoot, and repair equipment for industrial environments such as bakeries, breweries, and candy companies. An emphasis is placed on practical experience and hands-on training whenever possible. This program is a recognized "School of Technology" by the City of Seattle and the Tacoma Steam Advisory Certification Board. This program offers several industry certifications.

**COMPUTER-AIDED DRAFTING**

**COMPUTER-AIDED DRAFTING**

**Program Options**

- *Certificate of Completion*
- *Program length: varies*
- *Entry point: fall, winter, spring, or summer quarters*

This program is intended for those individuals who wish to obtain employment in career fields where the production of technical drawings is an integral part of the organization's day-to-day operations. Course offerings are tailored to programming administration and address specific skill specialization areas within the drafting profession. The total course of instruction takes 15 credits, with a Certificate of Completion awarded. This program can be completed in as little as three quarters, but actual completion times will be a factor of individual student desires and scheduling. Courses required include DFTS 114, DFTS 116, DFTS 118 and DFTS 140. All courses must be completed as listed for a certificate to be awarded, unless evidence of prior learning can be provided. These courses are also available to industry professionals and others who have had prior computer-aided drafting experience and wish to upgrade their skills and knowledge in specific areas. Students are welcome to take any course when offered which they feel may be of benefit and for which they have met any listed prerequisites. All courses emphasize hands-on training and are taught using the latest versions of AutoCAD software. Practical application is stressed whenever possible. Renton Technical College is an authorized Autodesk® Training Center. Please refer to Continuing/Community Education section of this schedule, and consult a counselor for details.

**CONSTRUCTION MANAGEMENT**

**CONSTRUCTION MANAGEMENT**

**Program Options**

- *Program length: one quarter with co-operative option*
- *Entry point: varies, consult counselor for details*

The Construction Trades Preparation program is the entry point for the Welding and MART programs. It satisfies elective credits for the Commercial Building and Construction Management programs. Students gain skills for apprenticeship, entry-level employment, or advanced professional-technical training options in construction, manufacturing, and related industries. Courses incorporate theory and hands-on application in a variety of trades including electrical, plumbing, carpentry, masonry, roofing, heat-frost installation, machining, stationary engineering and facility maintenance, as well as sustainable building and industry practices. Course work also includes safety standards training, trades math, writing a resume, cover letters, and preparing for job interviews. Students receive industry certifications for Industrial First Aid/CPR, OSHA 10, powder-actuated tools, traffic control, and forklift operation. One of the program's goals is to train a diverse workforce, increasing the number of women and people of color who are ready to enter apprenticeship and trades positions. A cooperative education option may be available for qualified, approved students. Students must first complete Core Construction Trades Preparation Certificate to matriculate into either the Welding, MART or College to Apprenticeship concentrations. The student will receive a certificate of completion aligned with his or her program intent.

- *Entry point: fall, winter or spring quarters*

The Culinary Arts certificate program is accredited with the American Culinary Federation Education Foundation Accreditation Commission (ACFEFAC). It is designed to train students for work in the hospitality industry. All phases of basic fundamental cookery are addressed in a concise curriculum within a well-equipped industry kitchen and professional classroom. Emphasis is on the development of skills and techniques necessary for advancement within the industry. This program offers both lecture-based and lab-based courses. Beginning courses include fundamentals of knife skills, culinary safety/sanitation and introduction to the industry. In addition, the advanced lab-based courses include various cooking methodologies, garde manger techniques, advanced techniques, internship and more. Upon completion of Renton Technical College's Culinary Arts program graduates who have received an AAS or AAS-T degree and are current American Culinary Federation members have the opportunity to be certified as a "Certified Culinarian" by the ACFEF.

### ENGINEERING DESIGN TECHNOLOGY

#### Program Options

- Certificate of Completion
- Associate of Applied Science Degree
- Program length: 4 quarters
- Entry point: fall, spring quarters

This program is designed to provide entry-level skills for students seeking employment in the drafting profession as a mechanical or architectural CAD technician. Students receive substantial training in mechanical drafting and industrial practices using both manual (board) and CAD (Computer Aided Drafting) techniques. Application of ANSI, ISO, and AIA standards is presented, with emphasis on standards used in the aircraft and aerospace industries. Advanced instruction in mechanical drafting, geometric dimensioning and tolerancing, is provided in the latter part of the program. Students become familiar with 3D modeling, document control procedures, and pictorial drawing. Related instruction in mathematics, oral and written communications, human relations/business leadership and employment skills, and basic computer and word processing applications are also provided. Ample time is devoted to hands-on instruction throughout the program.

### COMPUTER NETWORK TECHNOLOGY

#### Program Options

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Associate of Applied Science - Transfer (AAS-T) Degree*
- *Program length: 4 quarters*
- *Entry point: fall, winter or spring quarters*

The Computer Network Technology program is designed for entry-level students to develop skills needed to gain employment as computer network installation, configuration, and support technicians. Students receive training in basic electronic theory and progress through classes in maintenance and repair of Microsoft Windows and Linux Operating system environments. Students are prepared for industry certifications, including CompTIA A+, CompTIA Network+, Linux+, and Microsoft Certified Professional (MCP). Both server and workstation configurations are taught in this one-year program.

### BACHELOR OF APPLIED SCIENCE – APPLICATION DEVELOPMENT

Completed after the Computer Science 2 Year Degree Program

#### Program Options

- *Program length: 6 quarters*
- *Entry point: fall quarter*

This program is the follow-on to the Computer Science 2-year associate program. Students must have completed the Computer Science Associate of Applied Science degree before moving into the BAS program. The BAS program will prepare graduates for employment in the field of information technology. Application Development is a high demand occupation that encompasses various aspects of data analysis, application and software development, programming, and project management. Students with associate technical degrees in information technology, database management, programming, and related areas will be good candidates for our BAS in Application Development program. Graduates of this program can expect to find work as software developers (applications and systems software), computer systems analysts, Web developers and programmers, database administrators and IT project managers. In addition to a strong technical foundation, graduates will have received instruction in general education topics in science, communications, and quantitative reasoning; and have gained extensive experience working in teams, creating and conducting presentations, and authoring documentation for software development. The skills obtained by graduates of this degree program are transferrable to numerous information technology and computer systems positions across multiple industries, including corporations, nonprofit organizations, IT companies, and medical and research institutions. A cooperative work experience is possible for second year students upon recommendation of instructor and subject to availability. Please contact Advising at (425) 235-5840 for admission requirements and curriculum information.

### BACHELOR OF APPLIED SCIENCE – COMPUTER NETWORK ARCHITECTURE

Completed after the Computer Network Technology Associate Degree Program

#### Program Options

- *Bachelor of Applied Science Degree*
- *Program length: 6 quarters*
- *Entry point: spring quarter*

The BAS in Computer Network Architecture degree will prepare graduates for employment in the field of information technology. Computer Network Architecture is a high demand occupation that encompasses various aspects of computer hardware and software architecture and systems administration. Students with technical associate degrees in Network and System Administration, Computer Systems Networking and Telecommunications, Information Technology, Cyber Security and other related areas will be good candidates for our BAS in Computer Network Architecture program. Graduates will receive a deep technical foundation in designing and implementing computer and information networks; performing network modeling, analysis and planning; and implementing advanced cloud and virtualization technologies at the enterprise level. In addition to a strong technical foundation, graduates will receive instruction in general education topics in science, communications, and quantitative reasoning; and will gain extensive experience working in teams, making presentations, and participating in on-the-job training. The degree will prepare a graduate to work as computer network architects, engineers and network managers, in a wide range of organizations and industries including corporations, nonprofit organizations, IT companies, and medical and research institutions.

### LEGAL ASSISTANT

#### LEGAL ASSISTANT

#### Program Options

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Program length: 4 quarters (or 6 quarters through the hybrid option)*
- *Entry point: fall or winter quarters, or with instructor permission*

This program prepares students to work in law firms, law-related offices, including the courts, government agencies, non-profits, and corporate legal departments as legal assistants, legal receptionists, clerks, litigation practice assistants, and legal support professionals. Word processing and computer applications are emphasized as well as legal/ business terminology and communications, document preparation and procedures for today's high-tech law offices. This program provides a foundation for students interested in preparing for the NALS Accredited Legal Professional (ALP) examination. A cooperative education option or internship may be available. (Students entering without keyboarding skills may take longer to complete.) This program offers scheduling flexibility and may be taken days with an option for a hybrid component or evenings as a hybrid program. Internet access with current RTC student e-mail, Adobe Reader and MS Office is required.

**MACHINING**

**PRECISION MACHINING TECHNOLOGIES**

**Program Options**

- Certificate of Completion
- Associate of Applied Science Degree
- Program length: 8 quarters
- Entry point: winter or summer quarters

This two-year program is designed to help students acquire and develop skills necessary to work in the manufacturing industry. The course integrates theory and practical applications in a fully equipped machine shop facility. Students study machining processes and procedures, properties of metals, blueprint reading, applied math, inspection techniques, Computer Aided Manufacturing utilizing Mastercam software, and the operation of Computer Numerical Control (CNC) machines. The CNC equipment includes vertical and horizontal machining centers as well as CNC Lathes with live tooling. When appropriate, students may be assigned to a cooperative workstation in industry. This program articulates with Tech Prep Programs through the South King County Tech Prep Consortium.

**MAJOR APPLIANCE AND REFRIGERATION**

**MAJOR APPLIANCE AND REFRIGERATION TECHNOLOGY**

**Program Options**

- Certificate of Completion
- Associate of Applied Science Degree
- Program length: 8 quarters
- Entry point: fall or spring quarters

This program offers practical technical training in the repair and troubleshooting of all major appliances. Instruction is designed to duplicate conditions and requirements experienced by a technician working in the field. Emphasis is placed on developing a thorough understanding of electrical, mechanical, and refrigeration theory through classroom experiences and practical application. Proficiency is developed by using test equipment to improve diagnostic and repair techniques. Students are introduced to all aspects of the industry including parts procurement, work order/parts development, and industrial communications. This program is approved as an electrical specialty training school for Appliance Repair (07D) by the Washington State Department of Labor and Industries, Electrical Section. This program is accredited by the Professional Service Association, a national appliance industry organization.

### REFRIGERATION TECHNOLOGY

**Program Options**

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Program length: 4 quarters*
- *Entry point: fall or spring quarters*

This training program for Refrigeration Technicians enables students to develop the skills necessary to work as service technicians on domestic and commercial refrigeration, air conditioning and heat pump systems. Emphasis is placed on developing a thorough understanding of electrical and refrigeration theory through classroom experiences and practical application. Service, repair, and troubleshooting techniques are taught on late model equipment in a fully equipped training facility. Students are taught how to safely handle, store, and dispose of CFC refrigerants, according to EPA requirements, related to diagnostic, service, and repair procedures. Technical proficiency and competency are developed by using test and service equipment to improve diagnostic and repair techniques. Laboratory experience helps develop skills in brazing and soldering of copper, steel, and aluminum. This program is approved as an electrical specialty training school for Appliance Repair (07D) by the Washington State Department of Labor and Industries, Electrical Section. This program is accredited by the Professional Service Association, a national appliance industry organization.

**Program Options**

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Associate of Applied Science-Transfer (AAS-T) Degree*
- *Program length: 3 quarters*
- *Entry point: fall quarter*

This program, approved by the Washington State Board of Massage, prepares students to become professionally licensed to practice therapeutic massage for health maintenance, assessment, and rehabilitation of body tissues and systems. Therapeutic massage is an integral part of sports medicine, nursing care, physical, mental, and emotional well-being. The program offers training in diverse modalities including Swedish massage, deep tissue massage, myofascial release, hydrotherapy and hot stone massage. Student clinic and internship experience are required. Successful completion of this program prepares the students to take the Washington State Massage Licensing examination. A Certificate of Completion is awarded upon

successful completion of core course requirements (two [2] attempts per course only). To earn an Associate of Applied Science (AAS) or Associate of Applied Science-Transfer (AAS-T) degree, students must complete all requirements of the certificate program plus 20 credits of General Education. Students must complete and pass a nationwide criminal background check prior to admission into the program at <https://certifiedbackground.com> (use package code Rr68). Students must meet program specified health requirements, and proof of health insurance is required for participation in the program. Students are required to join the American Massage Therapy Association and the Washington State Chapter. The cost is in addition to tuition. The cost includes AMTA membership, Washington Chapter membership, and liability insurance. Copy of proof of membership will be required at time of registration.

**NURSING ASSISTANT**

**Program Options**

- *Certificate of Completion*
- *Program length: 1 quarter*
- *Entry point: fall, winter, spring or summer quarter*

This program meets both Washington state and federal curriculum requirements for Nursing Assistant Certification. Once certified, graduates are eligible for employment in hospitals, clinics, long-term care facilities, retirement/assisted living facilities, adult family homes, and in-home health care. Students gain knowledge and learn skills caring for patients of various age groups during acute and chronic stages of diseases, surgery, and rehabilitation, as well as how to maintain health during the normal aging process. Included in the curriculum are patients' rights, basic bedside nursing skills, patient/personal safety, HIPAA, and HIV/AIDS education. Skills are practiced in the program laboratory. Clinical experience occurs in acute hospitals and/or skilled nursing facilities. Hours vary during clinical assignment including possible evening or weekend placement. Students must pass all coursework with a 2.0 average or better and a satisfactory completion of clinical and lab for their certificate. This program is the first phase of the career ladder option for students to become Licensed Practical or Registered Nurses. Students must complete and pass a nationwide criminal background check prior to admission into the program at <https://certifiedbackground.com> (use package code Rr75na). Must meet immunization and program specified health requirements and proof of health insurance coverage that covers the student during the length of the program.

**REGISTERED NURSE, ASSOCIATE DEGREE**

**Program Options**

- *Associate of Applied Science Transfer (AAS-T) Degree*
- *Program length: 6 quarters*
- *Entry point: fall and spring quarter*

The Nursing Program at Renton Technical College prepares students for employment as registered nurses in a variety of health care environments in the surrounding community. Students who successfully complete the program will receive an Associate in Applied Sciences-Transfer (AAS-T) degree and be eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN) exam. The program also prepares students to transfer to an RN-BSN program after obtaining the RN license. A concept-based curriculum supports students from varied backgrounds by relating new ideas to previously acquired knowledge in an engaging and

supportive environment. Students are provided with many opportunities to acquire the necessary critical thinking skills for practice as Registered Nurses in the dynamic healthcare environment. Nursing students will be equipped to provide safe, comfort-oriented, culturally-sensitive nursing care that meets the highest professional standards and serves a diverse population. This includes the utilization of nursing informatics and information technology to provide optimal, evidence-based nursing care now and throughout their career. Students must complete and pass a nationwide criminal background check prior to admission into the program at <https://certifiedbackground.com> (use package code Rr75nur). Must meet immunization and program specified health requirements and proof of health insurance coverage that covers the student during the length of the program.

## SURGICAL TECHNOLOGIST

### SURGICAL TECHNOLOGIST

#### Program Options

- *Certificate of Completion*
- *Associate of Applied Science Degree*
- *Associate of Applied Science-Transfer (AAS-T) Degree*
- *Program length: 4 quarters*
- *Entry point: fall or spring quarter*

The Surgical Technologist program is accredited nationally by the Commission on Accreditation of Allied Health Education Programs in collaboration with the Association of Surgical Technologists and the American College of Surgeons. In this program, the student is trained to become an integral part of the team of medical practitioners providing surgical care to patients. The student will be taught to facilitate the safe and effective conduct of invasive surgical procedures, ensuring that the operating room environment is safe, that equipment functions properly, and that the operative procedure is conducted under conditions that maximize patient safety. The student will be trained to possess expertise in the theory and application of sterile and aseptic technique and combine the knowledge of human anatomy, surgical procedures, and implementation tools and technologies to facilitate a physician's performance of invasive therapeutic and diagnostic procedures. A major portion of the course training occurs in a variety of regional healthcare facilities. A Certificate of Completion is awarded upon successful completion of core course requirements (two [2] attempts per course only). To earn an Associate of Applied Science (AAS) or Associate of Applied Science-Transfer (AAS-T) degree, students must complete the certificate program and meet the General Education course requirements. The prerequisite, a 5- credit Introduction to Anatomy & Physiology course, is part of the General Education requirements for the AAS degree. Students must complete and pass a Nationwide criminal background check within 3 months prior to admission into the program at <https://certifiedbackground.com> (use package code Rr73). Must meet immunization and program specified health requirements and proof of health insurance coverage that covers the student during the length of the program.

- *Entry point: open entry*

Students have the opportunity to learn the baking basics and the science of baking in an exciting well-equipped kitchen setting. This course is a fast paced program following the industry standards and practices of classical and contemporary baking. A variety of learning competencies and learning methods designed for our progressive program enables the program to offer highly concentrated, focused, and hands-on curriculum. Students participate in scaling and mixing, dough production, retail operations and oven work in our production kitchen. The courses reviewed include; breads, pies, pastries, cookies, doughnuts, cakes and specialty decorating. Bakery math, customer service and human relations courses will assist the student with developing a portfolio. The program supports a retail bakery offering a broad selection of baked goods, cakes and pastries finished to industry standards. If you enjoy teamwork, bakery production, timelines, and creating delicious baked goods in a commercial baking environment, this program is for you!

## PROPERTY MAINTENANCE

### PROPERTY MAINTENANCE FOR THE MULTI-FAMILY RESIDENCE

#### Program Options

- *Certificate of Completion*
- *Entry point: fall quarters*
- *Program length: 3 quarters*

Students gain skills necessary to secure positions in property maintenance for multi-family residences. Training components include: safety and emergency procedures; painting and drywall repairs; maintaining an attractive outdoor environment; basic electrical theory, repairs and replacements; basic plumbing repairs and replacements; basic appliance repairs; customer service; First Aid/CPR; and job search skills and advancement skills. Students who are incumbent workers are encouraged to take optional courses in this program, and continue into the Leadership in the Trades program upon completion of this certificate.

## SURVEYING & GEOSPATIAL SCIENCE

### FIELD SURVEY TECHNICIAN

#### Program Options

- *Certificate of Completion*
- *Program length: 4 quarters*
- *Entry point: fall quarter, bi-yearly*

This program prepares students for work as a field survey technician, starting with "chain person" and advancing to "instrument person" or "party chief". Students learn field survey techniques, calculation and office skills through extensive hands-on training using a variety of up-to-date instruments, including total stations with data collectors, hand-held calculators and computers. Group projects in the classroom and in the field develop both experience and leadership skills. Projects involve all aspects of work, from planning, measuring and taking field notes. Transfer credit from other institutions will be considered upon validation of transcript and course work.

**LAND SURVEY TECHNICIAN**

**Program Options**

- Certificate of Completion
- Associate of Applied Science Degree
- Program length: 3 quarters
- Entry point: fall quarter, bi-yearly

This three-quarter program is a follow-on to the Field Surveying Technician certificate program. This program emphasizes professional land surveying practices to enable graduates to continue their careers toward their Professional Land Surveyor licenses. Students train on the industry's most powerful software for survey reduction, coordinate geometry and drafting. They also learn land and field surveying practices, field and office techniques, and the use of a variety of up-to-date instruments, including total stations with data collectors and GPS. Group laboratory projects provided throughout the program develop leadership skills and awareness. To earn an Associate of Applied science Degree, the student must complete all requirements for the Land Survey Technician certificate program plus all requirements for the Field Survey Technician certificate program and 15 credits of General Education. Transfer credit from other institutions is considered upon validation of transcript and course work. Many courses in this program transfer to Oregon Institute of Technology Bachelor of Science Degree in Geomatics, Surveying option, and Idaho State University Bachelor of Science Degree, Geomatics Technology.

**AVAILABLE FALL 2018**

**VETERINARY ASSISTANT**

**VETERINARY ASSISTANT**

**Program Options**

- Certificate of Completion
- Program length: 4 quarters
- Entry point: fall quarter

The Veterinary Assistant program prepares students to assist the veterinarian in all aspects of animal care. Veterinary Assistants provide surgical and nursing care to animals in clinics, as well as field settings. They also provide basic care, perform laboratory procedures, and assist in the veterinary clinic with other functions. Veterinary Assistants work in a variety of settings including animal hospitals and clinics, animal shelters, laboratories, zoos, and animal parks. The program includes classroom theory, laboratory, and internship experience in local veterinary clinics. Students receive hands-on experience with animals. Program content requires the application of basic math, technical reading, and communications skills. Proof of health insurance for length of program required.

ROEDE

**WELDING**

**WELDING**

**Program Options**

- Certificate of Completion
- Associate of Applied Science Degree
- Program length: 5 quarters
- Entry point: fall, winter, spring quarters

This program is designed to prepare welders for job entry in most phases of the welding industry. The certifications in this program are progressively sequenced for multiple completion points, and the student must take each certification in order, unless prior learning is deemed satisfactory. Classroom and practical experience is offered in the seven most common manual and semi-automatic welding processes; OFW (gas), SMAW, GMAW, FCAW, GTAW, SAW (arc) (MIG and TIG) welding. The instruction in this program is hands-on individualized as well as group lessons. Previous experience determines a student's starting point. A student's motivation and ability to move through the program competencies will determine the level of achievement in each welding process. Washington state welder certification, WABO (Washington Association of Building Officials) is available in six of the arc welding processes. This program articulates with Tech Prep programs through the Puget Sound Dual Credit Career Consortium.

## DIRECTIONS TO THE RTC CAMPUS

### MISSION STATEMENT

Renton Technical College prepares a diverse student population for work, fulfilling the employment needs of individuals, business, and industry.

### DIVERSITY STATEMENT

Renton Technical College seeks to create a healthy, positive, respectful environment where the many voices of our students, faculty, and staff are heard and valued. The RTC community will accomplish this through awareness and the ongoing development of the knowledge and skills necessary to learn, work, and thrive in a diverse community.

### PUBLICATION DISCLAIMER

The Class Schedule is published for information purposes only. Although every effort is made to ensure accuracy at the time of publication, this class schedule shall not be construed to be an irrevocable contract between the student and Renton Technical College. The College reserves the right to make any changes in the content and provisions of the Class Schedule without notice. In addition, the College reserves the right to cancel, change class fees or meeting dates and times at any time, without notice. Be advised that new Programs proposed are subject to final approval by appropriate state agencies.

### NON-DISCRIMINATION STATEMENT

We are an affirmative action and equal opportunity employer. Renton Technical College provides equal opportunity in education and employment and does not discriminate on the basis of race or ethnicity, creed, color, national origin, citizenship, sex, marital status, sexual orientation, gender identity, age, religion, disability, genetic information, or veteran status. The college complies with applicable laws prohibiting discrimination and harassment in employment, educational programs and admissions, including Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Americans With Disabilities Act of 1990, the Age Discrimination Act and the state law against discrimination, chapter 49.60 RCW. Inquiries regarding compliance procedures and complaints may be directed to the college's Title IX Officer Lesley Hogan (425) 235-7873.

### LIMITATION OF LIABILITY

The college's total liability for claims arising from a contractual relationship with the student in any way related to classes or Programs shall be limited to the tuition and expenses paid by the student to the college for those classes or programs. In no event shall the college be liable for any special, indirect, incidental, or consequential damages, including but not limited to, loss of earnings or profits.

### Driving Directions to RTC Main Campus from I-405

#### NORTHBOUND

Take Exit 4. After exiting, do not take the Maple Valley exit to the right. Stay to the left and take the Bronson Way exit to Renton. Turn right at bottom of the off-ramp. Continue to the next stoplight and turn right onto Sunset Boulevard One block further at the stoplight, turn right onto NE 3rd Street. Follow NE 3rd Street to the top of the hill. RTC is on the left side after you crest over the top of the hill. Turn left on Monroe Avenue NE to access the main entrance.

\*If your meeting/event is located in the Annex, turn right on Monroe Avenue NE, then left at NE Second Street (3407 NE Second Street).

#### SOUTHBOUND

Take Renton Exit 4, merge onto Sunset Boulevard, turn left at the first stoplight onto NE 3rd Street. Follow NE 3rd Street to top of hill. RTC is on the left side after you crest over the top of the hill. Turn left on Monroe Avenue NE to access the main entrance.

\*If your meeting/event is located in the Annex, turn right on Monroe Avenue NE, then left at NE Second Street (3407 NE Second Street).
